
Note: 29,971 legislator stance records (prompt stance-extraction-0.3-dev) placed on codebook v1.0, House Science and Senate Commerce hearings held 1999-2025. A record is one member position: cited sentences, an issue, and support or concern. Years are hearing held years; administrations are calendar-year blocks (Bush 2001-2008, Obama 2009-2016, Trump 2017-2020, Biden 2021-2024, Trump 2025). Topic 26, Renewable Energy Technologies and Storage: 571 records from 215 hearings and 119 legislators; support share 0.68. Best single break year 2022: net stance +0.43 before, -0.10 after.
