
Note: Step 1 measure for the four topics that went on to Step 2. All legislator stance records placed on each topic (codebook v1.0), House Science and Senate Commerce hearings held 1999-2025, with the model's support or concern label and no audit. Administrations are calendar-year blocks (Bush 2001-2008, Obama 2009-2016, Trump 2017-2020, Biden 2021-2024, Trump 2025); vertical lines mark the changes. The break year is the year that best splits the topic's records into a before and an after period.
